OUR HISTORY

Founded by Camden Myers in 2017 at the age of 9, Cam's Coffee Co. was the first organization in the Piedmont Triad specifically created to provide employment opportunities for individuals with disabilities.

Since our inception, we have collaborated closely with students from Winston-Salem Forsyth County Schools, aiming to empower and integrate them into the workforce.

What started as a small coffee shop has grown into a social enterprise dedicated to inclusion and empowerment within our community. Partnering with institutions like Kaleideum Learning Museum, we not only serve exceptional coffee and cuisine but also provide valuable learning experiences.

Today, Cam's Coffee Co. continues to lead by example, fostering a supportive environment where everyone can thrive and contribute to a brighter future.
